

How we are using our Pupil Equity Funding 2027-27

Pupil Equity Funding helps us reduce financial barriers and ensure that every young person can participate, learn and achieve.

Helping with the Cost of the School Day

- School uniform and clothing
- Essential items needed for learning
- Trips, excursions and wider school experiences

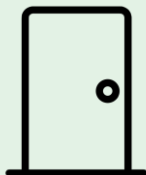

Support offered sensitively and confidentially.

Extra Support for Learning

- Literacy and numeracy
- Confidence and engagement
- Making progress in learning

Additional Pupil Support Worker time will provide in-class support for S1–S3 learners.

Improving Attendance & Participation

Personalised support will help young people experiencing difficulties attending school or taking part fully. Activities and experiences will help learners reconnect, build confidence and succeed.

Listening to Young People

Through pupil voice and our Pupil Parliament, pupils help identify barriers and shape how part of the funding is used.

Every learner included. Every barrier understood. Every young person supported to succeed.

Are school costs creating a barrier for your family? Please contact your child's Pupil Support teacher. We will listen and help without judgement.
